

SP.777 Assignment 10: Final Evaluation

What is one thing you liked about this class and we should not change?
(Aside from delivering a practical and successful product)

What is one thing we should change, and how should it be changed?

What was one thing you learned in this class that you think you will use later?

If you were to start over working with a new client today, what would you do differently in your initial and overall interaction? (What questions would you ask, what would you tell them/want them to know)?
