

Compiti Della Seconda Settimana
Assignments of the Second Week

1. Cook one portion (about 100 g) of risotto or pasta (in case you were not satisfied with what you cooked last week). If you want some feedback bring a small sample (un cucchiaio is enough!) to Paola's office to test it. Leave the risotto a little hard, *al dente*, so that when we warm it up it does not get too soft.
2. *Leggi* (read) the [blog entry](#) for this week to review what we did in class.
3. Do the exercises listed.
