

21F.067 Cultural Performances of Asia
Prof. Ian Condry
Foreign Languages and Literatures
Fall 2005

Final Paper Assignment (Due last day of class, 7-8 pages, double-spaced)

Choose a topic related to “Asia” and “performance” and write an essay incorporating the themes of the class. You must make reference to at least three (3) of the class readings. Please be aware that I will be looking for you to elaborate upon, or challenge, the analytical approaches of some of the authors. You may do this by adding new material to the scholars’ theories, or by showing how different examples operate differently compared to those discussed in the texts.
