## Biographer Kitty Kelly

There has been no other person in the 20<sup>th</sup> century whose convictions and values have impacted the American public in such a significant way. Oprah has influenced every medium that she’s touched.”

**CULTURAL EFFECTS OF  
HISPANIC IMMIGRATION  
ON THE UNITED STATES**

# General Information

- There are two basic reasons for Hispanic immigration to the United States: economic opportunity and escape from political persecution.
- Hispanic immigration has occurred in several waves : Mexicans during WWII (Braceros Program), Cubans during the 1960's (following Castro's rise to power), and Central/South Americans during the 1960's,70's,and 80's (following the various wars occurring in those countries i.e. Sandinistas in Nicaragua)
- Research has shown that by the 2<sup>nd</sup> generation many Hispanics begin to lose Spanish and start to acquire English (they are also as religious and as committed as native born whites). Then by the third generation Hispanics have been shown to have levels of patriotism equal to those of whites.

# Cultural Effects as Seen through the Media

- ◉ **With an influx of individuals of Hispanic origin American media has seen the emergence of Spanish TV, radio networks, newspapers, and other media.**
- ◉ **El Nuevo Herald – Started as a Spanish news column but in 1998 it branched off and became its own newspaper in Miami. Its huge success caused for Spanish newspapers to also be published in the adjacent cities of Hialeah and Ft. Lauderdale.**
- ◉ **MTV S launched in 1998 and was re-launched as MTV tres in 2006. The channel is targeted toward bilingual Latinos and non-Latino Americans aged 12 to 34**

Please see [El Nuevo Herald](#); [MTV tr3s](#).

# Cultural Effects as Seen Through the Media

- ◎ **Telemundo & Univision are the two largest Spanish television networks. Both channels were started by Hispanic American immigrants. These two networks underwent expansion in the early 1990's but most importantly they began to broadcast the Latin Billboard awards and the Latin Grammy's.**
- ◎ **Latin Billboard awards - Started in 1990 to recognize success in the music industry.**
- ◎ **Latin Grammys - Highest musical award for Hispanic artists**

# Cultural Effects as Seen Through the Media

- ◎ The 1990's saw the rise in popularity in the reggaeton music genre.
- ◎ Reggaeton emerged from the infusion of dancehall beats in Spanish music. It was prominent in Puerto Rico and Panama.
- ◎ It was in 2004 that reggaeton gained the popularity that it has now.
- ◎ 2004 saw the release of several different albums that were all hits.
- ◎ Daddy Yankee, N.O.R.E, Vico C, Tego Calderon, Don Omar

# Cultural Effects as Seen Through the Media

## Recap:

- ⦿ Hispanic American immigration has led to changes in American culture through the infusion of the Spanish language in society.
- ⦿ Different forms of media have been affected by such changes. Spanish television, newspapers, and new types of Spanish music have emerged as a result of these changes.
- ⦿ These changes are a result of globalization and the great extent of immigration that has taken place.
